Final Rejection

The Status of Claims

Claim 10 has been rejected.

Claims 11-18 have been objected.

Claim Rejections-35 USC 112

1. Applicants' argument filed 5/16/2003 have been fully considered but they are not persuasive.
-

The rejection of Claim 10 has been maintained due to applicants' failure to change in the amendment; for example, the scope of " a hydrogenation catalyst" recited in the claim has not been enabled. Furthermore, in response to the argument based on the filed Tibor Gizur 's Declaration , applicants' Adam's catalyst and Raney Ni can not be the representatives of various hydrogenation catalysts well-known in the art.

Claim 10 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The phrase " an inert organic solvent" is recited. However, this does not describe what the type of the inert organic solvent is employed in the process.

Therefore, an appropriate correction is required.

Claims 11-18 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
